

# Wickham Market Parish Council. Clerk's Report 15 June 2026.

## 1. Correspondence from residents:

1.1. A resident was asking the Council to confirm that free parking is available at the village hall. When I responded that it was not, their response was that that is not the case.

## 2. Community Payback Team

2.1. There are fewer dates available at the moment so additional work from this team has temporarily ceased.

## 3. Children's play area at the Village Hall

3.1. I am engaging with parents of young children to understand first hand how best to improve the play area. This will be an overhaul, not a replacement. Many items of equipment are suitable but some need to be replaced to make this an attractive space. Reports and recommendations will follow in due course.

## 4. Operational Reports.

4.1. The June meeting will have no financial reports to create time for operational reports. These have been requested and those that have been received are on the agenda. Reports not received include:

- Cemetery Working Party
- Tree Wardens
- Emergency Plan Working Group
- Climate Change Working Group
