

Village Hall Modernisation Project

Modernisation Committee

Tuesday 04th March 2025

Agenda Item VHM 24:21

Chairs Report

Village Hall Modernisation working group meeting was held on Tuesday 18th February 2025 from 6pm to 8pm in VH committee room with 7 members attending Parish Clerk was not in attendance for this meeting

Working group spent considerable time discussing possible options should the modernisation project not receive full grant funding from Sizewell C Community Foundation funding application is for £600k, working group concluded that we should concentrate our efforts on developing our response to SZC request for further detailed information to support our grant application for funding our response must be submitted by 20th April 2025 with response expected from SZC review panel early May 2025

Therefore, until village hall modernisation project can accurately confirm the total amount of funding that is guaranteed available the working group will defer reviewing detailed options for full modernisation generally in line with Architects concept design plans and possible options for a reduced scope of works for modernisation until this is finalised.

Once we receive the QS fully detailed project cost plan against the Architects concept design plans this will assist the working group with considering all possible options

Councillor John Horsnell
