

Jubilee Picnic Report

The Jubilee Picnic event held on Sunday 5th June on the Church Pightle went as well as could be expected due to the weather.

As it remained dry we decided to go ahead with the outdoor event accepting that numbers would not increase if we moved to the village hall.

Music was provided by a wellbeing tree volunteer who also had cakes and plants for sale, the Art group provided crowns for decorating and a local lady knitted corgis that were hidden around for the children to find.

Take up of pimm's and beer being less than would have been expected had it been sunny less costs generated £22 towards Anne's autumn tree planting.

There were around 30 people attended with 5 people attending the village walk earlier.

Thanks go to the Parish council for the use of the land and gazebos and funding the licence and art supplies, The Wickham Market Partnership for funding the leaflet advertising the event along with all the organisations and individuals who supported with planning and setting up and clearing down on the day.
