

Sizewell C Brief – Anne Westover

In terms of SZC (Sonya/Arthur copied in too) we had an informal meeting last evening:

- We/Arthur has now asked EDF for full response to traffic consultation by mid next week with a view to meeting EDF on 30th November (if we have time to process in between).
- We/I have asked County and District councillor for advice on their ongoing officer input/support.
- There are some very specific local concerns/objections which we need to consider further e.g. Post Office business and other residents especially Deed of Obligation, speeding and loss of parking.
- We need to send final response to Government (too late for PINS) by 17th December on SZC project and impacts on WM
- For the examination we sent in 8 reports, for 8 out of 10 of the deadlines including the last summary one, **attached**.
- We (Sonya, Arthur, I) gave verbal evidence at five of the hearings
- We need to consider the invite from AEPA to meet with Government Declan Burke on 29th November.
